MIRRAT 2020 Tariff Delay

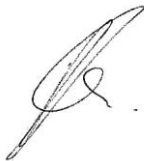

Dear Terminal User,

Under MIRRAT's section 87B Undertaking with the Australian Competition and Consumer Commission (ACCC) more specifically clause 6 of Schedule 1, MIRRAT is required to publish our proposed reference tariffs for the upcoming fiscal year by May 1st. MIRRAT has requested a delay in this announcement of up to 60 days. Whilst the ACCC reviews our application a temporary waiver of our obligation has been granted until a pronouncement on our request can be made, which we anticipate will occur over the next 7 days.

Once a decision has been made, we will provide further correspondence along with an updated timeline regarding the annual pricing review and objection period

We thank you for your patience's and we will be in touch in the coming days.

Regards,

Nathan Ullrich
General Manager
